

Evaluation of the Education Conference

“Innovative training methods as a chance for HR development in SME”

on October 25, 2019 in Poznan

After the conference, the participants were asked to fill the evaluation form which constituted a basis for analysing the effectiveness of the conference. The content of the conference as well as the organizational aspects were positively evaluated by the participants. The outcomes can be illustrated by the following percentage:

1. How do you assess the following statements?

	Strongly agree	Agree	Neither agree nor disagree	disagree	Strongly disagree
The conference was interesting	83,89%	4,24%	11,87%		
The speakers were competent	87,28%	12,72%			
The quality of the presentations met my expectations	87,28%	12,72%			
The time frame of the presentations was adequate	87,28%	8,48%	4,24%		
The topics of the presentations were relevant and up to date	100%				
There were sufficient opportunities for questions and discussions	91,52%	8,48%			
The working atmosphere was productive and lively	93,22%	2,54%	4,24%		
The participation in the conference was useful for me	83,89%	16,11%			

2. How do you assess the organisation of the conference?

	Strongly agree	Agree	Neither agree nor disagree	disagree	Strongly disagree
All in all the organisation was satisfactory before the conference (for example, invitation were sent in due time, prior information about the conference was satisfactory, etc.)	91,52%	8,48%			
All in all the implementation of the conference was satisfactory	91,52%	8,48%			
The venue met the necessary requirements	91,52%	8,48%			
The venue was easy to reach	97,45%	2,55%			

3. Your questions, comments and suggestions

Participants of the conference had no further comments.
